CONCEPTS AND DEFINITIONS USED IN UDISE+ 186

DISCLAIMER

Though all the efforts have been made to ensure the accuracy and currency of the content on this report, the same should not be construed as a statement of law or used for any legal purposes. In case of any ambiguity or doubts, users are advised to verify/check with the appropriate Government Functionary/Authority and/or other source(s) and to obtain appropriate professional advice. This Report is based on voluntary uploading of data by the schools having active UDISE+ codes in a reference year, with 30th September as the reference date, using specially designed Data Capture Format (DCF). The UDISE+ code to a recognized school is allotted by the Central Government based on the recommendation of the respective State/UT Government where the school is located. The responsibility for the accuracy of the data filled in the DCFs rests with the concerned Nodal Officers, namely Principal/ Vice-Principal/ Headmaster/ Head Teacher/ Senior most teacher at the school level, Cluster Resource Officer at the cluster level, Block Education Officer for the block level, District Education Officer at the district level and the SPD of Samagra Shiksha at the State level. The Ministry of Education, therefore, assumes no responsibility or liability for any errors or omissions in the data and indicators reported in the document. Inclusion of name of a school in any of the lists in the portal <http://udiseplus.gov.in> or any of the reports generated in the portal does not confer the status of recognition to the school by the Ministry of Education, Govt. of India. Post implementation of NEP 2020, requisite reforms in data collection system has been necessitated and UDISE+ 2022-23 is aligned with the recommendations of NEP 2020 by shifting focus on individual student for the first time at the national level a departure from school wise consolidated data till 2021-22 and hence the UDISE+ 2022-23 data is not strictly comparable with the previous reports on various educational indicators. Similarly, population projections used for generating various educational indicators have been moderated based on the latest trends of birth rate as recorded by SRS system, saturation reports of UIDAI based on Aadhar enrolment and the trends of adjoining States in case of smaller States and UTs. Therefore, educational ratios of UTs and few smaller State have undergone changes and strictly not comparable with previous year's figures.

Key Results- 2022-23

KeKey Indicators

KEY RESULTS – ALL INDIA

1. INTRODUCTION:

- 1.1. The Indian school Education System is one of the largest in the world with nearly 14.66 lakh schools, more than 94 lakh teachers and nearly 25.18 Crore students¹ from pre-primary to higher secondary level from varied socio-economic backgrounds. The system strives to maintain standards and uniformity across the country while giving ample scope for the country's diverse culture and heritage to grow and flourish.
- 1.2. A robust, up to date and credible information collection mechanism is an essential prerequisite for an objective evaluation of the system, based on which specific interventions for improvement can be designed.
- 1.3. To enable seamless exchange of information, DOSEL has developed the “Unified District Information System for Education Plus (UDISE+)” from the reference year 2018-19. The UDISE+ facilitates online uploading of data at school level with inbuilt validation checks and subsequent data verification at the Block, District and State level ensures data reliability and timely completion. Effectively, UDISE+ has become truly “one nation one database” in school education sector. By the time of closing UDISE+ 2022-23 data entry, all States /UTs except Delhi, Tamil Nadu, and West Bengal are directly feeding data into UDISE+ portal of DoSE&L and these three States/UTs maintains their own MIS and provides bulk data link to UDISE+ portal of DoSE&L.
- 1.4. National Education Policy, 2020 vide Para 3.3 envisaged the concept of achievement of “universal participation in school by carefully tracking students, as well as their learning levels, in order to ensure that they (a) are enrolled in and attending school and (b) have suitable opportunities to catch up and re-enter school in case they have fallen behind or dropped out ignited the need of capturing student wise data.
- 1.5. To revolutionize the school data collection mechanism further and align the data to monitor the recommendations of NEP, w.e.f., 2022-23, individual student wise data collection has been started which will help in tracking of the drop out students and saving to the Govt. by way of accurate number of students in the school. This is being done for the first time at the National level.
- 1.6. This revitalized UDISE+ ecosystem captures data on more than 60 fields for each students and to maintain the uniqueness of the child the Aadhar details were also collected on the voluntarily basis. However, apart from Aadhar a separate unique educational ID (EID) for every student has also been created in the UDISE+ portal to cover each and every child under the ecosystem of UDISE+ across country.
- 1.7. Through, unique student and teacher Identity, credentials of individuals (Student /Teacher) in the

¹ Number of schools, teachers and students are from UDISE+ 2022-23. Pre-primary enrolment mentioned in this report excludes pre-primary enrolment in ECCE centres of Anganwadi and private kindergartens, as these are not a part of UDISE+.

education ecosystem can be established more accurately leading to weeding out of duplicate or ghost entries resulting into precise identification of beneficiaries for benefit transfers of Samagra Shiksha scheme, PM Poshan Scheme, National Scholarship scheme etc. can bring significant savings to government in future years. Unique student wise data also ensures universal access to affordable high-quality education by monitoring students' attendance, learning outcomes, health parameters etc. and their progress at all levels (individual, institution, geographic location, region, State/UTs, autonomous body, etc.). This will also help in monitoring individual students from the present system of school monitoring and promoting good governance by effective expenditure management.

- 1.8. UDISE+ 2022-23 is completely aligned with the recommendations of NEP 2020. The present publication relates to UDISE+ data for the reference year 2022-23, the data observes some real changes from the previous years as this exercise of maintaining a separate student base is totally different, unique and incomparable to previous years. Individual student wise data reflects realistic and more accurate picture of education system which is attempted for the first time at the national level a departure from school wise consolidated data till 2021-22 and hence the UDISE+ 2022-23 data is not strictly comparable with the previous reports on various educational indicators.
- 1.9. Some of the salient results at all-India level are given in the following paragraphs. This is followed by detailed tables at the all-India and State/UT level for the most used indicators based on the UDISE+ data. More than 100 such reports for all the years 2012-13 to 2022-23 have also been made available in the website of UDISE+ developed for disseminating this data in the link http://www.education.gov.in/hi/statistics-new?shs_term_node_tid_depth=394&Appv=Apply and <https://udiseplus.gov.in/#/page/publications> UDISE+ Reports.

2. Summary findings of UDISE+ 2022-23

2.1. School, Students and Teachers:

- 2.1.1. NEP 2020 identifies enrolment and attendance of children of school going age as primary goals of the schooling system. NEP also recommends achieving universal participation in school by carefully tracking of students, as well as their learning levels, in order to ensure that they (a) are enrolled in and attending school, and (b) have suitable opportunities to catch up and re-enter school in case they have left behind or dropped out. This was possible only through building a unique student wise database which also helps in identifying dropout of students. It also helps in identifying ghost students and helps in transferring benefits to deserving students resulting into savings to government and good governance by way of better expenditure management.
- 2.1.2. For the first time at the national level individual student wise data has been collected from all recognized schools in the country through UDISE+. Total of 25.18 crore students enrolled in the academic year 2022-23. Spread of enrolments for the year 2022-23 for different levels of education namely, pre-primary, primary, upper primary, secondary and higher secondary are given in Chart 1 below. It may be noted that the pre-primary data contained in the UDISE+ system does not include the pre-primary enrolment of the Early Childhood Care and Education (ECCE) system run by the Ministry of Women and Child Welfare through the Anganwadi Centers and standalone pre-primary education centers run by different kindergartens. It covers only the enrolment in pre-primary classes of different categories of schools. Further Chart 2 represents the percentage distribution of enrolments by social categories.

Chart 1: Percentage distribution of Students by educational levels - Overall

Chart 2: Percentage of distribution of students by social category- Overall

- 2.1.3 Recognizing, identifying, and fostering the unique capabilities of each student is possible if we have unique data of each of the student. For the first time, it is attempted to collect student wise data along with Aadhar number of students on voluntary basis to establish a uniqueness. Overall, more than 19 crore students provided Aadhar number by 2022-23. The distribution of enrolled students who

provided Aadhar number are represented in map 2.1.2. Lakshadweep has seeded Aadhar number in respect of 99.4 % of students which is also highest level among all States/UTs followed by Andhra Pradesh (98.1%) and Andaman & Nicobar (98%). States with lowest Aadhar seeding data are Meghalaya (19.1%), Bihar (35.2%) and Assam (47%) with national average of 75.5%.

Map 2.1.2: Percentage distribution of Aadhar received – 2022-23

2.1.4 State wise distribution of students and Schools in major states:

One of the primary goals of the schooling system must be to ensure that children are enrolled in and are attending school. The availability of schools, teachers and students enrolled in different states are presented in Graph 2.1.3. States such as Uttar Pradesh, Madhya Pradesh, Assam, Odisha, Andhra Pradesh, Himachal Pradesh, J&K, Uttarakhand, Rajasthan, percentage of school available are more than % students enrolled implying underutilization of available schools. States viz., Telangana, Punjab, West Bengal, Haryana, Gujrat, Maharashtra, Tamil Nadu, Delhi, Bihar % of available schools are significantly less as compared to enrolled students indicating better utilization of infrastructure.

2.1.5 Availability of the right mix of schools at all levels being a supply variable in education system largely influences the demand factor. Though a large number of primary schools have been established post RTE, the commensurate increase in schools at secondary and higher secondary level have not come up. This poses the risk of large-scale dropout of students at the higher classes. Chart 2.1.5, 2.1.6 and 2.1.7 represents the distribution of schools, students, and teachers across different types of school category respectively. West Bengal has 79 % primary schools with 47% students and only 3 % secondary schools whereas in Chandigarh, 45 % schools are Higher Secondary schools and only 6.5 % primary schools.

2.1.6 Distribution of students by schools category

2.1.7 Distribution of teachers by School category

2.2 Equity of Students- social category:

2.2.1 Education is the single effective tool for achieving social justice and equality. Inclusive and equitable education, an essential goal in its own right is also critical to achieving an inclusive and equitable society in which every citizen has the opportunity to dream, thrive, and contribute to the nation. The education system must aim to benefit India's children so that no child loses any opportunity to learn and excel because of circumstances of birth or background. NEP 2020 also reaffirms that bridging the social category gaps in access, participation, and learning outcomes in school education will continue to be one of the major goals of all education sector development programmes. Chart 2.2.1 represents State wise distribution of students among various social backgrounds. At the national level, 26.4% students registered in UDISE+ are from general category, 18.2% from S.C, 9.9% from S.T, 45.5% are OBC and 15.6% are from Muslims. The state-wise distribution of students is presented in chart 2.2.1.

2.3 Number of teachers

2.3.1 Role of Teachers in shaping the future of students is well documented. Therefore, it is because of this noblest role that the teacher, deployment of teachers across different school type become important. Distribution of Teachers by classes taught, for 2022-23 for different levels of education namely, pre-primary, primary, upper primary, secondary, and higher secondary are given in Charts 2.3.1 below. Further Chart 2.3.2 to 2.3.4 represents the distribution of teachers by School Categories, Social Categories and Management respectively.

Chart 2.3.1: Percentage distribution of teachers by Classes Taught - Overall

Chart 2.3.2: Percentage distribution of teachers by School Category - Overall

Chart 2.3.3: Percentage distribution of teachers by Social category - Overall

Chart 2.3.4: Percentage distribution of teachers by Management - Overall

2.3.2 Both RTE and NEP 2020 envisages for right mix of teacher and student's ratio called Pupil-to-Teacher Ratio (PTR). NEP recommends for reaching a PTR ratio of 30:1 at all levels of school education system to have a reasonable level of interactive learning and achieving desired level of learning outcomes. Therefore, measuring accurate data of students and teachers becomes paramount to access achievement. Average number of students per school across States/UTs are presented in chart 2.3.5 along with PTR ratio. School category wise PTR is presented in Chart 2.3.6 below. PTR is still at higher level than RTE norms in few States especially at Higher secondary level. It is observed that Chandigarh and Delhi, has highest number of students per school with PTR within the RTE norm indicating optimum utilization of school infrastructure. On the other side, states such as Assam, Jharkhand, Karnataka, Odisha, students per school are significantly low indicating need for optimization of school's infrastructure.

2.3.5 : Students per school and PTR

2.4 School infrastructure

2.4.1 To ensure decent and pleasant service conditions at schools, NEP recommended for providing adequate and safe infrastructure, boundary wall, including working toilets, clean drinking water, clean and attractive spaces, electricity, computing devices, internet, libraries, and sports and recreational resources become paramount importance. Pleasant school environment tends to promote teachers and students, including children of all genders and children with disabilities, receive a safe, inclusive, and effective learning environment and are comfortable and inspired to teach and learn in their schools. The government has taken various measures in this direction and provides financial assistance to States /UTs under Samagra Shiksha Scheme. Chart 2.4.1 presents major infrastructure facilities available in the schools at the national level. The details of state wise details of basic infrastructures are presented at table 2.5 in the succeeding section of this report.

Chart 2.4.1 : % of schools with basic infrastructure facilities

2.5 Gross Enrolment Ratio (GER) and Dropout Rate:

2.5.1 The Gross Enrolment Ratio (GER) compares the enrolment in a specific level of education to the population of the age-group which is most age-appropriate for that level of education. For example, the GER of primary is student enrolment in class 1 to 5 expressed as a percentage of population in age group 6-10 years. Similarly, GER of upper primary is enrolment in class 6-8 expressed as a percentage of population in age group 11-13 years, and so on. Since changes in GER are usually not much on a year-to-year basis, its movement in the long run is of interest. Chart 2.5.1 to 2.5.4 shows the GER for different levels of education across the States. It may also be noted that GER greater than 100% might indicate presence of over or under age children in a particular level of education.

Chart 2.5.1: Primary - GER

Chart 2.5.2: Upper Primary- GER

Chart 2.5.3: Secondary-GER

Chart 2.5.4: Higher Secondary -GER

2.5.2 Drop out of students:

Curtailing dropouts and ensuring universal access to education at all levels by 2030 is one of the primary goals of National Education Policy (NEP) 2020 and Sustainable Development Goal. Areas such as enrolment and retention of students show how many students who entered the school at class 1 are being retained in subsequent years. With individual student wise data, now drop out of students can be identified precisely and track them for bringing them back to school. This will also help in monitoring of progression of students in their entire school life. Drop out of students at Primary, Upper Primary and Secondary level across all State/UT are presented in Map 2.5.2 to 2.5.4.

Map 2.5.2: Dropout Rate: Primary – 2022-23

Map 2.5.3: Dropout Rate: Upper Primary – 2022-23

Map 2.5.4: Dropout Rate: Secondary – 2022-23

Note: Projections has been made as per the latest saturation Reports of Aadhar

CONCEPTS AND DEFINITIONS USED IN UDISE+

S1 No.	Concept (Abbreviations used)	Definition (with codes as per UDISE+ DCF, wherever applicable)		
1.	Types of schools	The following codes of school management have been considered:		
	Government schools	Management	Code	Type
		Department of Education	1	State Government
		Tribal Welfare Department	2	State Government
		Local Body	3	State Government
		Other State Government managed schools	6	State Government
		Minority Affairs Department	89	State Government
		Social Welfare Department	90	State Government
		Ministry of Labour	91	State Government
		Kendriya Vidyalaya/ Central School	92	Central Government
		Jawahar Navodaya Vidyalaya	93	Central Government
		Sainik School	94	Central Government
		Railway School	95	Central Government
		Central Tibetan School	96	Central Government
		Other Central Government/ PSU Schools	101	Central Government
	Government aided schools	Government Aided – 4 Partially Government Aided - 7		
	Private unaided schools	Private Unaided recognized - 5		
	Other schools	Unrecognized – 8 Madrasa (recognized by madrasa/ wakf board) – 97, Madrasa (unrecognized) – 98 Madrasa Aided (Recognized) - 99		
2.	Gross Enrolment Ratio (GER)	Total enrolment in a particular level of school education, regardless of age, expressed as a percentage of the Population of the official age-group which corresponds to the given level of school education in a given school year. Example: GER primary = Enrolment in class 1 to 5 ÷ projected population in age group 6-10 years		
3.	Net Enrolment Rate (NER)	Total number of pupils enrolled in a particular level of school education who are of the corresponding official age group expressed as a percentage of the population of the official age-group which corresponds to the given level of school education in a given school year. Example: NER primary = Children of age 6-10 years enrolled in class 1 to 5 ÷ projected population in age group 6-10 years		
4.	Adjusted Net Enrolment Rate (ANER)	Total number of pupils enrolled either in the corresponding level or a higher level of the school education who are of the corresponding official age group expressed as a percentage of the population of the official age-group which corresponds to the given level of school education in a given school year. Example: ANER primary = Children of age 6-10 years enrolled in primary or higher ÷ projected population in age group 6-10 years ANER upper primary = Children of age 11-13 years enrolled in upper primary or higher ÷ projected population in age group 11-13 years For both NER and ANER, the following identity is maintained: NER <= ANER <= 100.		

5.	Age Specific Enrolment Rate (ASER)	Total number of pupils enrolled in any level of school education who are of the corresponding official age group expressed as a percentage of the population of the official age-group which corresponds to the given level of school education in a given school year. Example: ASER 6-10 years = Children of age 6-10 years enrolled in primary or higher ÷ projected population in age group 6-10 years ASER 11-13 years = Children of age 11-13 years enrolled in primary/ upper primary/ secondary/ higher secondary ÷ projected population in age group 11-13 years ... ASER 16-17 years = Children of age 16-17 years enrolled in primary/ upper primary/ secondary/ higher secondary ÷ projected population in age group 16-17 years
6.	Percentage of OBC Enrolments to Total Enrolments	Total OBC enrolments expressed as a percentage of the total enrolments
7.	Percentage of all minority Enrolments to Total Enrolments	Total of all notified minority communities enrolments expressed as a percentage of the total enrolment
8.	Percentage of Muslim minority Enrolments to Total Enrolments	Total of Muslim minority community enrolment expressed as a percentage of the total enrolment
9.	Promotion Rate	Proportion of pupil from a cohort enrolled in a given level at a given school year who are enrolled in the next grade in the following school year.
10.	Repetition Rate	Proportion of pupil from a cohort enrolled in a given level at a given school year who are enrolled in the same grade in the following school year
11.	Dropout Rate	Proportion of pupil from a cohort enrolled in a given level at a given school year who are no longer enrolled at any grade in the following school year. The following identity is maintained while preparing the estimates of promotion rate, repetition rate and dropout rate: Each of Promotion Rate, repetition Rate and Dropout Rate is non negative and Promotion Rate + Repetition Rate + Dropout Rate = 100
12.	Retention Rate	Percentage of a cohort of pupils (or schools) enrolled in a first grade of a given level of education in a given school year who are expected to reach the last grade of the level.
13.	Gender Parity Index (GPI) of GER	Ratio of GER of girls to GER of boys. It measures the progress towards gender parity in education participation and/or learning opportunities available for girls in relation to those available to boys. It also represents the level of girls' empowerment in the society.
14.	Pupil Teacher Ratio (PTR)	Pupil-Teacher Ratio (PTR) is the average number of pupils (at a specific level of education) per teacher (teaching at that level of education) in a given school-year.
15.	AWC	Anganwadi Centres
16.	CBSE	Central Board of Secondary Education
17.	ICSE	Indian Certificate of Secondary Education
18.	ULB	Urban Local Bodies
19.	NSQF	National Skills Qualification Framework
